

## WHO

Pose a question, ex  
("Who is Viatec?")

Viatec Intro "Who is"

"Put your money  
where your morals are"

**"How do we do this?"**

## WHAT

### **Electrification Solutions**

Epto Tech

Bucket Trucks

SmartPTO

Modular design

Software infrastructure

Telematics

A/C and other options

Pays for itself over  
**time, and we are running out of time...**

Burning Man Platform  
"... and when has the  
platform become too  
hot?... **NOW.**"

## WHEN

**Now** is the time of the  
Epto

### **Winter is coming Timeline**

- Co2 Emissions
- Fossil fuels
- The Progression of  
batteries
- PTO is old tech

### **Viatec Timeline**

- Saw a need
- Duke Energy?
- SCRA
- Grants ect.

More expensive over  
time without our tech.

**"Burning platform  
jump time is hap-  
peing everywhere...  
How are we getting  
ready?"**

## WHERE

### **Reconfigure for multi- ple applications**

List of utility vehicles

Multiple applications  
are "ready"

A trend away from the  
use of unrenewable  
energy is inescapable.

Those who don't join  
will perish

Legislature

Cost Statistics

**Other than the fact  
that it is bound to  
generate new forms  
of wealth in the fu-  
ture, why must peo-  
ple seek out new tech  
in this regard?**

## WHY

### **Moral Responsibility**

Environmental Statis-  
tics in relationship to  
how installing multiple  
SmartPTO's can af-  
fect the environment.  
(*gallons saved, lbs Co2  
removed, ect*)

***Because We are Vi-  
atec... Who are you?...***

We are **born** to **work** towards **preparing** our **home** to make **life again.**
